

Strategic Partners

Wave Technologies partners with the best companies in the industry to bring our customers complete wired and wireless telecommunications solutions.

Wireless Solutions

Wired Solutions

Wave Technologies is a Cisco Partner. We are a direct reseller and integrator of Cisco Systems' products and services as well as other Technologies gear including Adtran, Lucent, Linksys, and more.

Wave Technologies also has Cisco and Microsoft certified staff to design, install, and maintain your wide-area network.

Native American, Woman-Owned, SBA-certified HUBZone, and NC Enterprise Solutions

Wave Technologies is a Native American, woman-owned, SBA-certified HUBZone company providing document management and communications solutions for all government and military agencies. Our Robeson County offices are also in a North Carolina Enterprise zone which allows Wave Technologies to provide additional incentives to state businesses and government agencies to use our services.
