### **Lisa Otipoby Whetzel** **Chief Executive Officer**

Lisa Whetzel is WTI's owner and Chief Executive Officer and a member of the Comanche Nation. She is a municipal judge in North-Central Oklahoma.

Her law experience includes specialization in contract and gaming industries and private practice in criminal and domestic law. She is a member of the executive committee for internal gaming statues, under the National Indian Gaming Commission.

She is the former Director of Economic Development for the Kaw Indian Nation and headed casino operations, developed opportunities for tribal investment, and acted as assistant General Counsel for the Tribal Council.

### **William H. Axelrod** **Chief Operating Officer**

Bill Axelrod, President and Chief Operating Officer, is a retired naval officer with over 13 years industry experience in technical services, program management, business development, strategic planning, and services delivery.

Prior to joining WTI in September 2002, he was Vice President and Director of Information Technology Development for Science Applications International Corporation.

His 31 years Naval career included service as a Unrestricted Line Officer, Limited Duty Officer, Chief Warrant Officer, and enlisted man with a focus on electronics technology, command and control, and information technology.
